

## Mission

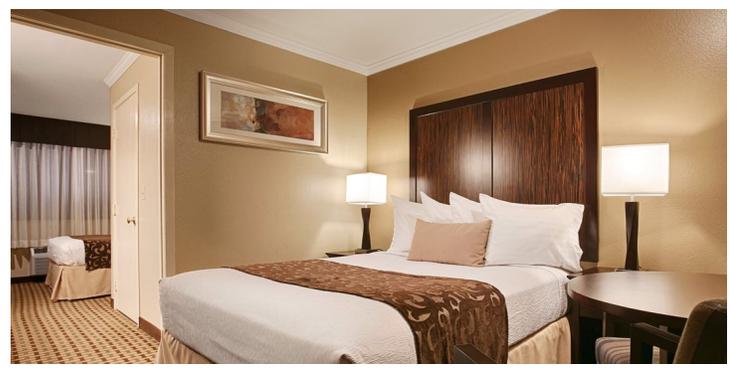

The mission of Zafia's Family House is to provide temporary housing solutions in Placer County to support the immediate needs of families with loved ones undergoing care at local hospitals away from home

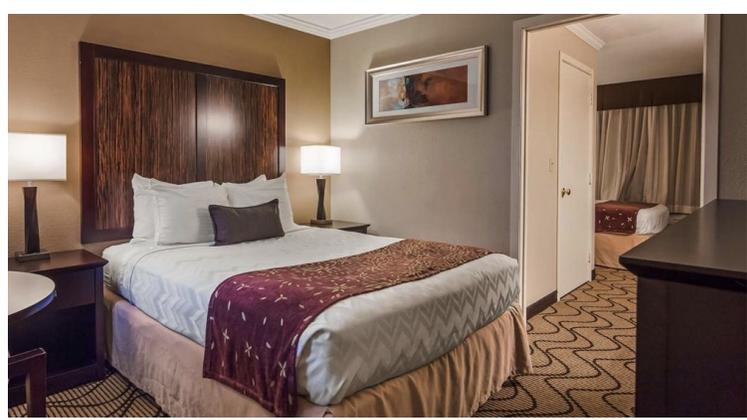

## Vision

Our Vision is to provide convenient, comfortable, secure, low-cost accommodations for the families of patients being treated at one of our local hospitals in Roseville, CA. Zafia's Family House is a non-profit organization that is dedicated to providing temporary housing for families to stay while their child or adult family member is undergoing treatment for a critical illness. Zafia's Family House is a "Home Away from Home" for families who must travel at least 35 miles to seek medical treatment.

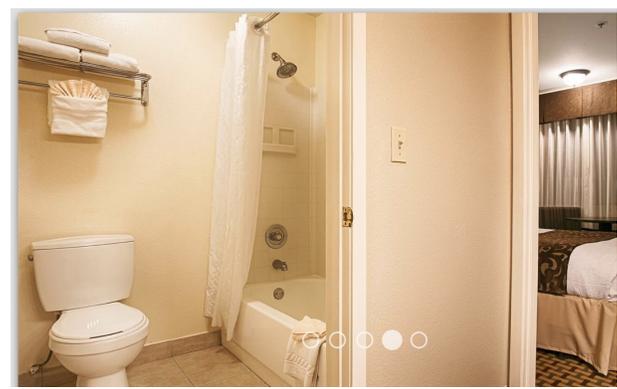

Patients and their families often travel long distances to receive treatment at one of our premier hospitals in Roseville CA. Finding affordable lodging near the hospital can be important to these families, especially if the patient has a life-threatening injury or illness which may require treatment over extended period of time. Zafia's Family House, in partnership with the Heritage Hotel Group offers families affordable hotel rooms within minutes of the hospital. Each room is equipped with a mini refrigerator, microwave and coffee maker with a complimentary hot breakfast, free internet access and parking. A business center, laundry room and workout facility is also available on site.

Families may stay at Zafia's Family House through a referral program. Currently referrals are accepted from Social Workers in NICU, Rehabilitation, Oncology, Trauma, pre and post Surgery. A nominal daily fee of \$20 is requested from each family which is paid directly to the hotel. Zafia's Family House subsidizes the remaining daily portion through generous sponsors, grants, individual donors and families paying it forward. Nearly 100% of our funds received goes towards funding housing solutions for our families since Zafia's Family House is an "all volunteer" organization.

Since the inception of the hotel partnership program, Zafia's Family House has provided accommodations to countless families throughout the region and out of state. Zafia's dream was to keep families together and comfortable during a hospitalization. The loving support of family nearby is as powerful as the strongest medicine prescribed.
